

I am amazed by the greed of the Massport in trying to reduce the efficiency of the flying public by denying CO the right to offer free wireless in its own leased area. I am a Continental Airlines frequent flyer and member of its Presidents Club. I support Continental's Petition to the FCC. I want Continental to be able to continue to provide its own wireless service to me and other members at Boston Logan and other airports, which is a free service. I rely on Continental's seamless service wherever I fly. Thank you for ensuring the right of the public to use the wireless service of its choice.
